Dear Parishioners,

As the weeks pass, we are looking forward to WorkCamp 2019 where we will renovate houses for the less fortunate, strengthen our faith and grow as a Christian community. We are writing to you so that you may join us in helping others in need.

We will be spending from June 22nd – June 28th working with other youth groups and adults from the Diocese reaching out to families in the King George area of Virginia. We will offer several repair services to the families who require our assistance. We at the Cathedral are anxious to do our part. It will be an honor to reach out to those in need and truly live the Gospel to grow in our love of God and our love of neighbors.

We will be living in a Christian community for the entire week, celebrating daily Mass, working on homes, and sharing our faith. The week also offers the opportunity to develop new relationships with other youth as well as the residents of the homes we will be working on. The experience will help us to look past our sheltered and materialistic lives and allow us to see the diverse lives of all God's children.

We need your help so that WorkCamp 2019 will be a success. First of all, the success of WorkCamp 2019 depends on prayer. Please pray for the youth and adults who want to serve the families of the King George area. Second, we would appreciate donations to support WorkCamp 2019. These donations will cover the expenses of meals, worksite supplies, retreat expenses, and other needs to support WorkCamp 2019. Please consider donating to help offset the cost. Donations may be sent to the parish office or dropped in the collection basket. (Please note that your gift is for WorkCamp.) We also have the second collection on Sunday, May 26<sup>th</sup>.

With the help of your prayers and donations, WorkCamp 2019 will be made possible, and the lives of many people will be made better. Thank you and God Bless!
